Performance data quoted represents past performance. Past performance is no guarantee of future results so that shares, when redeemed, may be worth more or less than their original cost. The investment return and principal value will fluctuate. Current performance may be higher or lower than the performance quoted. For current month-end performance call 1-866-759-5679 or visit www.alpsfunds.com.

The performance shown does not reflect the impact of costs associated with variable contracts, qualified pension and retirement plans or registered and unregistered separate accounts which, when deducted, will reduce the return figures quoted.

ALPS Variable Investment Trust Performance Bulletin

April 2025

Important Disclosures & Definitions

An investor should consider the investment objectives, risks, charges and expenses carefully before investing. To obtain a prospectus containing this and other information, call 1-866-759-5679 or visit www.alpsfunds.com. Read the prospectus carefully before investing.

Performance data quoted represents past performance. Past performance is no guarantee of future results; current performance may be higher or lower than performance quoted.

All investments are subject to risks, including the loss of money and the possible loss of the entire principal amount invested. Additional information regarding the risks of this investment is available in the prospectus.

Asset allocation cannot assure a profit nor protect against a loss.

Shares of the Portfolios are only offered to participating insurance companies and their separate accounts to fund the benefits of variable annuity contracts and variable life insurance policies. Shares of the Portfolios also may be used as investment vehicles for qualified pension and retirement plans and certain registered and unregistered separate accounts.

The Morningstar ETF Asset Allocation Portfolio Series are not exchange-traded funds (ETFs), instead, they consist of five risk-based asset allocation portfolios that invest in underlying ETFs, which are typically open-end investment companies or unit investment trusts.
