ALPS Equal Sector Weight ETF

Performance Overview

November 30, 2023 (Unaudited)

Investment Objective

The ALPS Equal Sector Weight ETF (the “Fund”) seeks investment results that replicate as closely as possible, before fees and expenses, the performance of the NYSE Select Sector Equal Weight IndexSM (the “Underlying Index”).

The Underlying Index is an index of exchange-traded funds (“ETFs”) comprised of all active Select Sector SPDR® ETFs in an equal-weighted portfolio. These are the Communication Services Select Sector SPDR® Fund, Consumer Discretionary Select Sector SPDR® Fund, Consumer Staples Select Sector SPDR® Fund, Materials Select Sector SPDR® Fund, Energy Select Sector SPDR® Fund, Technology Select Sector SPDR® Fund, Utilities Select Sector SPDR® Fund, Financial Select Sector SPDR® Fund, Industrial Select Sector SPDR® Fund, Health Care Select Sector SPDR® Fund and Real Estate Select Sector SPDR® Fund (each, an “Underlying Sector ETF” and collectively, the “Underlying Sector ETFs”). In order to track the Underlying Index, the Fund will use a “fund of funds” approach, and seek to achieve its investment objective by investing at least 90% of its total assets in the shares of the Underlying Sector ETFs.

The Underlying Index is designed to track performance of the equally weighted Underlying Sector ETFs. Accordingly, the Underlying Index is rebalanced to an equal weighting quarterly during the months of March, June, September, and December.

Each Underlying Sector ETF is an index fund that invests in the equity securities of companies in a particular sector or group of industries. The objective of each Underlying Sector ETF is to track its respective underlying sector index by replicating the securities in the underlying sector index. Together, the Underlying Sector ETFs represent the Underlying Index as a whole.

Performance Overview

The Fund, for the Fund's fiscal year ended November 30, 2023, generated a total return of 6.43%, generally in-line with the Fund's Underlying Index, net of fees, which returned 6.55% for the same period. The Fund underperformed the S&P 500® Index (the “S&P 500”), which returned 13.84% for the same period.

The S&P 500 returned 13.84% for the Fund's fiscal year ended November 30, 2023, as fiscal year 2023 saw markets rebound from 2022 lows. The Federal Reserve Bank (FED) continued its path of quantitative tightening in 2023 to combat inflation, reaching its target of peak rates with expectations of rate cuts into 2024 as Consumer Price Index (CPI), energy prices and yields trended towards more acceptable levels. US markets rallied substantially off the secondary effects of the FED's actions, which ALPS Advisors believes will lead to better odds of a soft landing, with expectations of rate cuts driving growth and equity multiples higher into the next year. Main macroeconomic talking points throughout 2023 centered on the path of future interest rates driven by monetary policy, and inflation trending towards the FED's 2% inflation target. Inflation significantly declined throughout 2023, with November 2023 numbers showing year-over-year CPI around 3.1%. Despite persistent recession calls, ALPS Advisors believes a gradual reduction in interest rates is likely to lead to an earnings recovery in the US, easing financial conditions for both US and global equities. With the recent recovery in sentiment and price for US markets, the S&P 500 Index Price-to-Earnings (P/E) ratio of 22.2x is slightly above its 10-year average of 20.6x. Looking forward, ALPS Advisors believes markets will be data-dependent on job growth, CPI, spending and manufacturing data to justify the recent recovery in valuations.

The best performing fund holdings for the period ended November 30, 2023 were the Technology Select Sector SPDR® (XLK), which saw a gain of 37.46%, the Communication Services Select Sector SPDR® (XLC), which increased 36.72% and the Consumer Discretionary Sector SPDR® (XLY), rising 16.58%. The worst performing fund holdings for the period were the Utilities Select Sector SPDR® (XLU) which lost 9.31% and the Consumer Staples Select Sector SPDR® (XLP) which fell 6.07%.

Looking forward, ALPS Advisors believes the Fund's strategy of holding each of the eleven sectors in the S&P 500 via the Underlying Sector ETFs can result in a diversified core holding and potential for market participation in all economic cycles through equal sector weighting.

ALPS Equal Sector Weight ETF

Performance Overview

November 30, 2023 (Unaudited)

Performance (as of November 30, 2023)

	1 Year	5 Year	10 Year	Since Inception [^]
ALPS Equal Sector Weight ETF - NAV	6.43%	10.85%	10.10%	12.81%
ALPS Equal Sector Weight ETF - Market Price [*]	6.38%	10.88%	10.10%	12.83%
NYSE [®] Equal Sector Weight Index [™]	6.55%	11.02%	10.29%	13.07%
S&P 500 [®] Index	13.84%	12.51%	11.82%	14.17%

Total Expense Ratio (per the current Prospectus) is 0.47%. Net Expense Ratio (per the current Prospectus) is 0.26%. Net expense ratio reflects the reimbursement of distribution fees for underlying sector ETFs. In addition, the Adviser has contractually agreed, through March 31, 2024, to reduce its advisory fee by 0.19%. This fee waiver may only be terminated by the Fund's Board of Trustees (and not by the Adviser) prior to such date. Please see the prospectus for additional information.

Performance data quoted represents past performance. Past performance does not guarantee future results. Total return figures assume reinvestment of dividends and capital gains distributions, if any. The table does not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares. Investment return and principal value of an investment will fluctuate so that an investor's shares, when sold or redeemed, may be worth more or less than the original cost. Current performance data may be higher or lower than actual data quoted. For the most current month-end performance data please visit www.alpsfunds.com or call 1.866.759.5679.

Net Asset Value (NAV) is an exchange-traded fund's per-share value. The per-share dollar amount of the Fund is derived by dividing the total value of all the securities in its portfolio, less any liabilities, by the number of Fund shares outstanding. Market Price is the price at which a share can currently be traded in the market. Information detailing the number of days the Market Price of the Fund was greater than the Fund's NAV and the number of days it was less than the Fund's NAV can be obtained at www.alpsfunds.com.

[^] The Fund commenced Investment Operations on July 6, 2009 with an Inception Date, the first day of trading on the Exchange, of July 7, 2009.

^{*} Market Price means the official closing price of a share or, if it more accurately reflects the market value of a share at the time as of which the Fund calculates current net asset value per share, the price that is the midpoint of the bid-ask spread as of that time. It does not represent the returns an investor would receive if shares were traded at other times.

The NYSE[®] Equal Sector Weight Index[™] consists of a strategy that holds all active Select Sector SPDR[®] ETFs in an equal-weighted portfolio. Total return assumes reinvestment of any dividends and distributions realized during a given time period.

S&P 500[®] Index: the Standard & Poor's composite index of 500 stocks, a widely recognized, unmanaged index of common stock prices. Total return assumes reinvestment of any dividends and distributions realized during a given time period.

The indexes are not actively managed and do not reflect any deductions for fees, expenses or taxes. The indexes are reported on a total return basis, which assumes reinvestment of any dividends and distributions realized during a given time period. One cannot invest directly in an index. Index performance does not reflect fund performance.

The Fund's shares are not individually redeemable. Investors buy and sell shares of the Fund on a secondary market. Only market makers or "authorized participants" may trade directly with the Fund, typically in blocks of 25,000 shares.

The ALPS Equal Sector Weight ETF is not suitable for all investors. Investments in the Fund are subject to investment risks, including possible loss of the principal amount invested.

ALPS Portfolio Solutions Distributor, Inc., a FINRA member, is the distributor for the Fund.

Growth of \$10,000 (as of November 30, 2023)

Comparison of Change in Value of \$10,000 Investment in the Fund and the Indexes

The chart above compares historical performance of a hypothetical investment of \$10,000 in the Fund over the past ten years including dividend reinvestment with the performance of the Fund's benchmark index. Results include the reinvestment of all dividends and capital gain distributions. Past performance does not guarantee future results. The chart does not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

ALPS Equal Sector Weight ETF

Disclosure of Fund Expenses

November 30, 2023 (Unaudited)

Shareholder Expense Example: As a shareholder of the Fund, you incur certain ongoing costs, including management fees and other Fund expenses. These examples are intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other funds. The example is based on an investment of \$1,000 invested at the beginning of the six month period and held through November 30, 2023.

Actual Return: The first line of the table provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you incurred over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses attributable to your investment during this period.

Hypothetical 5% Return: The second line of the table provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of other funds.

The expenses shown in the table are meant to highlight ongoing Fund costs only and do not reflect any transaction costs, such as brokerage commissions and other fees to financial intermediaries. Therefore, the second line of the table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these costs were included, your costs would have been higher.

	Beginning Account Value 6/1/23	Ending Account Value 11/30/23	Expense Ratio ^(a)	Expenses Paid During Period 6/1/23 - 11/30/23 ^(b)
ALPS Equal Sector Weight ETF				
Actual	\$1,000.00	\$1,000.00	0.16%	\$0.80
Hypothetical (5% return before expenses)	\$1,000.00	\$1,024.27	0.16%	\$0.81

^(a) Annualized, based on the Fund's most recent fiscal half year expenses.

^(b) Expenses are equal to the Fund's annualized expense ratio multiplied by the average account value over the period, multiplied by the number of days in the most recent fiscal half year (183), divided by 365.

ALPS Equal Sector Weight ETF

Report of Independent Registered Public Accounting Firm

To the Shareholders of ALPS Equal Sector Weight ETF and Board of Trustees of ALPS ETF Trust

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of ALPS Equal Sector Weight ETF (the “Fund”), a series of ALPS ETF Trust, as of November 30, 2023, the related statements of operations and changes in net assets, the related notes, and the financial highlights for the year then ended (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of November 30, 2023, the results of its operations, the changes in net assets, and the financial highlights for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The Fund’s financial statements and financial highlights for the years ended November 30, 2022, and prior, were audited by other auditors whose report dated January 27, 2023, expressed an unqualified opinion on those financial statements and financial highlights.

Basis for Opinion

These financial statements are the responsibility of the Fund’s management. Our responsibility is to express an opinion on the Fund’s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement whether due to error or fraud.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of November 30, 2023 by correspondence with the custodian and brokers; when replies were not received from brokers, we performed other auditing procedures. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

We have served as the auditor of one or more investment companies advised by ALPS Advisors, Inc. since 2013.

ALPS Equal Sector Weight ETF

Notes to Financial Statements

November 30, 2023

1. ORGANIZATION

ALPS ETF Trust (the “Trust”), a Delaware statutory trust, is an open-end management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”). As of November 30, 2023, the Trust consisted of twenty-three separate portfolios. Each portfolio represents a separate series of the Trust. This report pertains solely to the ALPS Equal Sector Weight ETF (the “Fund”). The investment objective of the Fund is to seek investment results that replicate as closely as possible, before fees and expenses, the performance of the NYSE® Equal Sector Weight Index (the “Underlying Index”). The Fund is considered non-diversified and may invest a greater portion of assets in securities of individual issuers than a diversified fund. As a result, changes in the market value of a single investment could cause greater fluctuations in share price than would occur in a diversified fund.

The Fund’s Shares (“Shares”) are listed on the NYSE Arca, Inc (the “NYSE Arca”). The Fund issues and redeems Shares, at net asset value (“NAV”) in blocks of 25,000 Shares, each of which is called a “Creation Unit”. Creation Units are issued and redeemed principally in-kind for securities included in the Underlying Index. Except when aggregated in Creation Units, Shares are not redeemable securities of the Fund.

Pursuant to the Trust’s organizational documents, its Officers and Trustees are indemnified against certain liability arising out of the performance of their duties to the Trust. Additionally, in the normal course of business, the Trust enters into contracts with service providers that contain general indemnification clauses. The Trust’s maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Trust that have not yet occurred.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of the financial statements. The accompanying financial statements were prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The preparation of financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. The Fund is considered an investment company under U.S. GAAP and follows the accounting and reporting guidance applicable to investment companies in the Financial Accounting Standards Board (“FASB”) *Accounting Standards Codification* Topic 946.

A. Portfolio Valuation

The Fund’s NAV is determined daily, as of the close of regular trading on the New York Stock Exchange (the “NYSE”), normally 4:00 p.m. Eastern Time, on each day the NYSE is open for trading. The NAV is computed by dividing the value of all assets of the Fund (including accrued interest and dividends), less all liabilities (including accrued expenses and dividends declared but unpaid), by the total number of shares outstanding.

Portfolio securities listed on any exchange other than the NASDAQ Stock Market LLC (“NASDAQ”) are valued at the last sale price on the business day as of which such value is being determined. If there has been no sale on such day, the securities are valued at the mean of the most recent bid and ask prices on such day. Securities traded on the NASDAQ are valued at the NASDAQ Official Closing Price as determined by NASDAQ. Portfolio securities traded on more than one securities exchange are valued at the last sale price on the business day as of which such value is being determined at the close of the exchange representing the principal market for such securities. Portfolio securities traded in the over-the-counter market, but excluding securities traded on the NASDAQ, are valued at the last quoted sale price in such market.

The Fund’s investments are valued at market value or, in the absence of market value with respect to any portfolio securities, at fair value according to procedures adopted by the Trust’s Board of Trustees (the “Board”). Pursuant to Rule 2a-5 under the 1940 Act, the Board designated ALPS Advisors, Inc. (the “Adviser”) as the valuation designee (“Valuation Designee”) for each Fund to perform the fair value determinations relating to Fund investments. The Adviser may carry out its designated responsibilities as Valuation Designee through various teams and committees. When market quotations are not readily available or when events occur that make established valuation methods unreliable, securities of the Fund may be valued in good faith by the Valuation Designee. These securities generally include, but are not limited to, restricted securities (securities which may not be publicly sold without registration under the Securities Act of 1933) for which a pricing service is unable to provide a market price; securities whose trading has been formally suspended; a security whose market price is not available from a pre-established primary pricing source or the pricing source is not willing to provide a price; a security with respect to which an event has occurred that is most likely to materially affect the value of the security after the market has closed but before the calculation of the Fund’s NAV or make it difficult or impossible to obtain a reliable market quotation; or a security whose price, as provided by the pricing service, does not reflect the security’s “fair value” due to the security being de-listed from a national exchange or the security’s primary trading market is temporarily closed at a time when, under normal conditions, it would be open. As a general principle, the current “fair value” of a security would be the amount which the owner might reasonably expect to receive from the sale on the applicable exchange or principal market. A variety of factors may be considered in determining the fair value of such securities.

B. Fair Value Measurements

The Fund discloses the classification of its fair value measurements following a three-tier hierarchy based on the inputs used to measure fair value. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability that are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability that are developed based on the best information available.

Valuation techniques used to value the Fund's investments by major category are as follows:

Exchange Traded Funds, for which market quotations are readily available, are valued at the last reported sale price or official closing price as reported by a third party pricing vendor on the primary market or exchange on which they are traded and are categorized as Level 1 in the hierarchy. In the event there were no sales during the day or closing prices are not available, securities are valued at the mean of the most recent quoted bid and ask prices on such day and are generally categorized as Level 2 in the hierarchy. Investments in open-end mutual funds are valued at their closing NAV each business day and are categorized as Level 1 in the hierarchy.

Changes in valuation techniques may result in transfers in or out of an assigned level within the disclosure hierarchy.

Various inputs are used in determining the value of the Fund's investments as of the end of the reporting period. When inputs used fall into different levels of the fair value hierarchy, the level in the hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The designated input levels are not necessarily an indication of the risk or liquidity associated with these investments.

These inputs are categorized in the following hierarchy under applicable financial accounting standards:

- Level 1 – Unadjusted quoted prices in active markets for identical investments, unrestricted assets or liabilities that a Fund has the ability to access at the measurement date;
- Level 2 – Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and
- Level 3 – Significant unobservable prices or inputs (including the Fund's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

The following is a summary of the inputs used to value the Fund's investments as of November 30, 2023:

ALPS Equal Sector Weight ETF

Investments in Securities at Value	Level 1 - Quoted and Unadjusted Prices	Level 2 - Other Significant Observable Inputs	Level 3 - Significant Unobservable Inputs	Total
Exchange Traded Funds*	\$ 324,279,972	\$ —	\$ —	\$ 324,279,972
Short Term Investments	46,774,767	—	—	46,774,767
Total	\$ 371,054,739	\$ —	\$ —	\$ 371,054,739

* For a detailed breakdown of sectors, see the accompanying Schedule of Investments.

The Fund did not have any securities that used significant unobservable inputs (Level 3) in determining fair value and there were no transfers into or out of Level 3 during the year ended November 30, 2023.

C. Securities Transactions and Investment Income

Securities transactions are recorded as of the trade date. Realized gains and losses from securities transactions are recorded on the specific identification in accordance with GAAP. Dividend income and capital gains distributions, if any, are recorded on the ex-dividend date. Interest income, if any, is recorded on the accrual basis.

D. Dividends and Distributions to Shareholders

Dividends from net investment income of the Fund, if any, are declared and paid quarterly or as the Board may determine from time to time. Distributions of net realized capital gains earned by the Fund, if any, are distributed at least annually.

ALPS Equal Sector Weight ETF

Notes to Financial Statements

November 30, 2023

E. Federal Tax and Tax Basis Information

The timing and character of income and capital gain distributions are determined in accordance with income tax regulations, which may differ from U.S. GAAP. Reclassifications are made to the Fund's capital accounts for permanent tax differences to reflect income and gains available for distribution (or available capital loss carryforwards) under income tax regulations.

For the year ended November 30, 2023, the following reclassifications, which had no impact on results of operations or net assets, were recorded to reflect permanent tax differences resulting primarily from in-kind transactions:

Fund	Paid-in Capital	Total Distributable Earnings/(Accumulated Losses)
ALPS Equal Sector Weight ETF	\$ 53,641,446	\$ (53,641,446)

The tax character of the distributions paid during the fiscal years ended November 30, 2023 and November 30, 2022 was as follows:

Fund	Ordinary Income	Long-Term Capital Gain	Return of Capital
November 30, 2023			
ALPS Equal Sector Weight ETF	\$ 6,423,890	\$ —	\$ 82,622
November 30, 2022			
ALPS Equal Sector Weight ETF	\$ 4,607,523	\$ —	\$ —

The character of distributions made during the year may differ from its ultimate characterization for federal income tax purposes.

Under current law, capital losses maintain their character as short-term or long-term and are carried forward to the next tax year without expiration. As of November 30, 2023, the following amounts are available as carry forwards to the next tax year:

Fund	Short-Term	Long-Term
ALPS Equal Sector Weight ETF	\$ 1,936,190	\$ 4,358,230

As of November 30, 2023, the components of distributable earnings/(accumulated losses) on a tax basis were as follows:

	ALPS Equal Sector Weight ETF
Accumulated net realized loss on investments	(6,294,420)
Net unrealized appreciation on investments	18,173,012
Total	\$ 11,878,592

As of November 30, 2023, the cost of investments for federal income tax purposes and accumulated net unrealized appreciation/(depreciation) on investments were as follows:

	ALPS Equal Sector Weight ETF
Gross appreciation (excess of value over tax cost)	\$ 24,211,601
Gross depreciation (excess of tax cost over value)	(6,038,589)
Net unrealized appreciation/(depreciation)	\$ 18,173,012
Cost of investments for income tax purposes	\$ 352,881,727

The differences between book-basis and tax-basis are primarily due to the deferral of losses from wash sales.

F. Income Taxes

No provision for income taxes is included in the accompanying financial statements, as the Fund intends to distribute to shareholders all taxable investment income and realized gains and otherwise comply with Subchapter M of the Internal Revenue Code of 1986, as amended, applicable to

ALPS Equal Sector Weight ETF

Notes to Financial Statements

November 30, 2023

regulated investment companies. The Fund evaluates tax positions taken (or expected to be taken) in the course of preparing the Fund's tax returns to determine whether these positions meet a "more-likely-than-not" standard that, based on the technical merits, have a more than fifty percent likelihood of being sustained by a taxing authority upon examination. A tax position that meets the "more-likely-than-not" recognition threshold is measured to determine the amount of benefit to recognize in the financial statements.

As of and during the year ended November 30, 2023, the Fund did not have a liability for any unrecognized tax benefits. The Fund files U.S. federal, state, and local tax returns as required. The Fund's tax returns are subject to examination by the relevant tax authorities until expiration of the applicable statute of limitations, which is generally three years after the filing of the tax return, but may extend to four years in certain jurisdictions. Tax returns for open years have incorporated no uncertain tax positions that require a provision for income taxes.

G. Lending of Portfolio Securities

The Fund has entered into a securities lending agreement with State Street Bank & Trust Co. ("SSB"), the Fund's lending agent. The Fund may lend its portfolio securities only to borrowers that are approved by SSB. The Fund will limit such lending to not more than 33 1/3% of the value of its total assets. The Fund's securities held at SSB as custodian shall be available to be lent except those securities the Fund or ALPS Advisors, Inc. specifically identifies in writing as not being available for lending. The borrower pledges and maintains with the Fund collateral consisting of cash (U.S. Dollars only), securities issued or guaranteed by the U.S. government or its agencies or instrumentalities, and cash equivalents (including irrevocable bank letters of credit) issued by a person other than the borrower or an affiliate of the borrower. The initial collateral received by the Fund is required to have a value of no less than 102% of the market value of the loaned securities for U.S. equity securities and a value of no less than 105% of the market value for non-U.S. equity securities. The collateral is maintained thereafter, at a market value equal to not less than 102% of the current value of the U.S. equity securities on loan and not less than 105% of the current value of the non-U.S. equity securities on loan. The market value of the loaned securities is determined at the close of each business day and any additional required collateral is delivered to the Fund on the next business day. During the term of the loan, the Fund is entitled to all distributions made on or in respect of the loaned securities. Loans of securities are terminable at any time and the borrower, after notice, is required to return borrowed securities within the customary time period for settlement of securities transactions.

Any cash collateral received is reinvested in a money market fund managed by SSB as disclosed in the Fund's Schedule of Investments and is reflected in the Statement of Assets and Liabilities as a payable for collateral upon return of securities loaned. Non-cash collateral, in the form of securities issued or guaranteed by the U.S. government or its agencies or instrumentalities, is not disclosed in the Fund's Statement of Assets and Liabilities or the contractual maturity table below as it is held by the lending agent on behalf of the Fund, and the Fund does not have the ability to re-hypothecate these securities. Income earned by the Fund from securities lending activity is disclosed in the Statement of Operations.

The following is a summary of the Fund's securities lending agreement and related cash and non-cash collateral received as of November 30, 2023:

	Market Value of Securities on Loan	Cash Collateral Received	Non-Cash Collateral Received	Total Collateral Received
ALPS Equal Sector Weight ETF	\$ 74,713,526	\$ 46,760,169	\$ 28,924,241	\$ 75,684,410

The risks of securities lending include the risk that the borrower may not provide additional collateral when required or may not return the securities when due. To mitigate these risks, the Fund benefits from a borrower default indemnity provided by SSB. SSB's indemnity allows for full replacement of securities lent wherein SSB will purchase the unreturned loaned securities on the open market by applying the proceeds of the collateral, or to the extent such proceeds are insufficient or the collateral is unavailable, SSB will purchase the unreturned loan securities at SSB's expense. However, the Fund could suffer a loss if the value of the investments purchased with cash collateral falls below the value of the cash collateral received.

The following table reflects a breakdown of transactions accounted for as secured borrowings, the gross obligation by the type of collateral pledged or securities loaned, and the remaining contractual maturity of those transactions as of November 30, 2023:

ALPS Equal Sector Weight ETF

Remaining contractual maturity of the agreements

Securities Lending Transactions	Overnight & Continuous	Up to 30 Days	30-90 Days	Greater than 90 Days	Total
Common Stocks	\$ 46,760,169	\$ —	\$ —	\$ —	\$ 46,760,169
Total Borrowings					46,760,169
Gross amount of recognized liabilities for securities lending (collateral received)					\$ 46,760,169

ALPS Equal Sector Weight ETF

Notes to Financial Statements

November 30, 2023

3. INVESTMENT ADVISORY FEE AND OTHER AFFILIATED TRANSACTIONS

ALPS Advisors, Inc. serves as the Fund's investment adviser pursuant to an Investment Advisory Agreement with the Trust on behalf of the Fund (the "Advisory Agreement"). Pursuant to the Advisory Agreement, the Fund pays the Adviser an annual management fee for the services and facilities it provides, payable on a monthly basis at the annual rate of 0.37% of the Fund's average daily net assets.

The Adviser has contractually agreed to waive 0.19% of its annual unitary fee payable by the Fund until at least March 31, 2024. The waiver may only be terminated by the Fund's Board of Trustees prior to such date.

ALPS Portfolio Solutions Distributor, Inc. ("APSD") is both the distributor for the Fund as well as the Select Sector SPDR exchange traded funds ("Underlying Sector ETFs") that the Fund invests in. As required by exemptive relief obtained by the Underlying Sector ETFs, the Adviser will reimburse the Fund an amount equal to the distribution fee received by APSD from the Underlying Sector ETFs attributable to the Fund's investment in the Underlying Sector ETFs, for so long as APSD acts as the distributor to the Fund and the Underlying Sector ETFs. Such reimbursement is generally expected to be approximately 0.02% - 0.03% annually.

Out of the unitary management fees, the Adviser pays substantially all expenses of the Fund, including licensing fees to the Underlying Index provider, the cost of transfer agency, custody, fund administration, legal, audit, trustees and other services, except for acquired fund fees and expenses, interest expenses, distribution fees or expenses, brokerage expenses, taxes and extraordinary expenses not incurred in the ordinary course of the Fund's business. The Adviser's unitary management fee is designed to pay substantially all of the Fund's expenses and to compensate the Adviser for providing services to the Fund.

ALPS Fund Services, Inc., an affiliate of the Adviser, is the administrator of the Fund.

Effective July 1, 2023, each Trustee receives (1) a quarterly retainer of \$25,000, (2) a per meeting fee of \$15,000, (3) \$2,500 for any special meeting held outside of a regularly scheduled board meeting, and (4) reimbursement for all reasonable out-of-pocket expenses relating to attendance at meetings. In addition, the Chairman of the Board receives a quarterly retainer of \$5,000, the Chairman of the Audit Committee receives a quarterly retainer of \$3,000, and the Chairman of the Nominating & Governance Committee receives a quarterly retainer of \$2,000, each in connection with their respective roles. Prior to July 1, 2023, each Trustee received (1) a quarterly retainer of \$20,000, (2) a per meeting fee of \$10,000, (3) \$2,500 for any special meeting held outside of a regularly scheduled board meeting, and (4) reimbursement for all reasonable out-of-pocket expenses relating to attendance at meetings. In addition, the Chairman of the Board received a quarterly retainer of \$5,000, the Chairman of the Audit Committee received a quarterly retainer of \$3,000, and the Chairman of the Nominating & Governance Committee received a quarterly retainer of \$2,000, each in connection with their respective roles.

4. PURCHASES AND SALES OF SECURITIES

For the year ended November 30, 2023 the cost of purchases and proceeds from sales of investment securities, excluding short-term investments and in-kind transactions, were as follows:

Fund	Purchases	Sales
ALPS Equal Sector Weight ETF	\$ 41,377,428	\$ 42,102,088

For the year ended November 30, 2023, the cost of in-kind purchases and proceeds from in-kind sales were as follows:

Fund	Purchases	Sales
ALPS Equal Sector Weight ETF	\$ 159,341,183	\$ 184,389,368

For the year ended November 30, 2023, the ALPS Equal Sector Weight ETF had in-kind net realized gain of \$53,816,374.

Gains on in-kind transactions are not considered taxable for federal income tax purposes and losses on in-kind transactions are also not deductible for tax purposes.

5. CAPITAL SHARE TRANSACTIONS

Shares are created and redeemed by the Fund only in Creation Unit size aggregations of 25,000 Shares. Only broker-dealers or large institutional investors with creation and redemption agreements called Authorized Participants ("AP") are permitted to purchase or redeem Creation Units from

ALPS Equal Sector Weight ETF

Notes to Financial Statements

November 30, 2023

the Fund. Such transactions are generally permitted on an in-kind basis, with a balancing cash component to equate the transaction to the NAV per unit of the Fund on the transaction date. Cash may be substituted equivalent to the value of certain securities generally when they are not available in sufficient quantity for delivery, not eligible for trading by the AP or as a result of other market circumstances.

6. MARKET RISK

The Fund is subject to investment and operational risks associated with financial, economic and other global market developments and disruptions, including those arising from war, terrorism, market manipulation, government interventions, defaults and shutdowns, political changes or diplomatic developments, public health emergencies (such as the spread of infectious diseases, pandemics and epidemics) and natural/environmental disasters, which can negatively impact the securities markets and cause the Fund to lose value. Securities in the Fund's portfolio may underperform in comparison to securities in general financial markets, a particular financial market or other asset classes due to a number of factors, including inflation (or expectations for inflation), deflation (or expectations for deflation), interest rates, global demand for particular products or resources, market instability, debt crises and downgrades, embargoes, tariffs, sanctions and other trade barriers, regulatory events, other governmental trade or market control programs and related geopolitical events. In addition, the value of the Fund's investments may be negatively affected by the occurrence of global events such as war, terrorism, environmental disasters, natural disasters or events, country instability, and infectious disease epidemics or pandemics.

7. REGULATORY UPDATE

The U.S. Securities and Exchange Commission ("SEC") adopted rule and form amendments that will change the format and content of the Fund's annual and semi-annual reports. Certain information, including the financial statements, will not appear in the Fund's new tailored shareholder reports but will be available online, delivered free of charge upon request, and filed on a semi-annual basis on Form N-CSR. The rule and form amendments have a compliance date of July 24, 2024. At this time, the Trust is evaluating the impact of these rule and form amendment changes.

8. SUBSEQUENT EVENTS

Subsequent events, if any, after the date of the Statement of Assets and Liabilities have been evaluated through the date the financial statements were issued. Management has determined that there were no subsequent events to report through the issuance of these financial statements.

ALPS Equal Sector Weight ETF

Additional Information

November 30, 2023 (Unaudited)

PROXY VOTING RECORDS, POLICIES AND PROCEDURES

Information regarding how the Fund voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 and a description of the Fund’s proxy voting policies and procedures used in determining how to vote for proxies are available without charge on the SEC’s website at www.sec.gov and upon request, by calling (toll-free) 1-866-759-5679.

PORTFOLIO HOLDINGS

The Fund files a complete schedule of portfolio holdings with the U.S. Securities and Exchange Commission (“SEC”) for the first and third quarters of each fiscal year on Form N-PORT within 60 days after the end of the period. Copies of the Fund’s Form N-PORT are available without a charge, upon request, by contacting the Fund at 1-866-759-5679 and on the SEC’s website at <https://www.sec.gov>.

TAX INFORMATION

The ALPS Equal Sector Weight ETF designates the following as a percentage of taxable ordinary income distributions, or up to the maximum amount allowable, for the calendar year ended December 31, 2022:

	Qualified Dividend Income	Dividend Received Deduction
ALPS Equal Sector Weight ETF	85.67%	85.08%

In early 2023, if applicable, shareholders of record received this information for the distributions paid to them by the Fund during the calendar year 2022 via Form 1099. The Fund will notify shareholders in early 2024 of amounts paid to them by the Fund, if any, during the calendar year 2023.

LICENSING AGREEMENT

ICE Data Indices, LLC (the “Index Provider”) is not affiliated with the ALPS Equal Sector Weight ETF (the “Fund”) or ALPS Advisors, Inc. (the “Adviser”). The Fund is entitled to use the Underlying Index pursuant to a licensing agreement with the Index Provider and the Adviser. The Adviser pays a licensing fee to the Index Provider out of the management fee.

The only relationship that the Index Provider has with the Fund, the Adviser or Distributor of the Fund in connection with the Fund is that the Index Provider has licensed certain of its intellectual property, including the determination of the component stocks of the Underlying Index and the name of the Underlying Index. The Underlying Index is selected and calculated without regard to the Adviser, Distributor or owners of the Fund. The Index Provider has no obligation to take the specific needs of the Adviser, Distributor or owners of the Fund into consideration in the determination and calculation of the Underlying Index. The Index Provider is not responsible for and has not participated in the determination of pricing or the timing of the issuance or sale of the Shares of the Fund or in the determination or calculation of the net asset value of the Fund. The Index Provider has no obligation or liability in connection with the administration or trading of the Fund.

NYSE® Equal Sector Weight Index is a service mark of ICE Data Indices, LLC or its affiliates (“ICE Data”) and has been licensed for use by the Adviser in connection with the Fund. Neither the Trust nor the Fund is sponsored, endorsed, sold or promoted by ICE Data. ICE Data makes no representations or warranties regarding the Adviser or the Fund or the ability of the NYSE® Equal Sector Weight Index to track general stock market performance.

ICE DATA MAKES NO EXPRESS OR IMPLIED WARRANTIES, AND HEREBY EXPRESSLY DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE WITH RESPECT TO THE NYSE® EQUAL SECTOR WEIGHT INDEX OR ANY DATA INCLUDED THEREIN. IN NO EVENT SHALL ICE DATA HAVE ANY LIABILITY FOR ANY SPECIAL, PUNITIVE, INDIRECT, OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES.

The Adviser does not guarantee the accuracy and/or the completeness of the Underlying Index or any data included therein, and the Adviser shall have no liability for any errors, omissions or interruptions therein. The Adviser makes no warranty, express or implied, as to results to be obtained by the Fund, owners of the Shares of the Fund or any other person or entity from the use of the Underlying Index or any data included therein. The Adviser makes no express or implied warranties, and expressly disclaims all warranties of merchantability or fitness for a particular purpose or use with respect to the Underlying Index or any data included therein. Without limiting any of the foregoing, in no event shall the Adviser have any liability for any special, punitive, direct, indirect or consequential damages (including lost profits) arising out of matters relating to the use of the Underlying Index even if notified of the possibility of such damages.

ALPS Equal Sector Weight ETF

Board Considerations Regarding Approval of Investment Advisory Agreement

November 30, 2023 (Unaudited)

At its meetings held on June 5, 2023 and June 20, 2023, the Board of Trustees of the Trust (the “Board” or the “Trustees”), where each Trustee is not an “interested person” of the Trust within the meaning of the Investment Company Act of 1940, as amended (the “Independent Trustees”), evaluated a proposal to approve the continuance of the Investment Advisory Agreement between the Trust and ALPS Advisors, Inc. (the “Adviser” or “AAI”) with respect to the ALPS Equal Sector Weight ETF (the “Fund” or “EQL”). In evaluating the renewal of the Investment Advisory Agreement with respect to the Fund, the Board, including the Independent Trustees, considered various factors, including (i) the nature, extent and quality of the services provided by AAI with respect to the Fund under the Investment Advisory Agreement; (ii) the advisory fees and other expenses paid by the Fund compared to those of similar funds managed by other investment advisers; (iii) the costs of the services provided to the Fund by AAI and the profits realized by AAI and its affiliates from its relationship to the Fund; (iv) the extent to which economies of scale have been or would be realized if and as the assets of the Fund grow and whether fees reflect the economies of scale for the benefit of shareholders; and (v) any additional benefits and other considerations.

With respect to the nature, extent and quality of the services provided by AAI under the Investment Advisory Agreement, the Board considered and reviewed information concerning the services provided under the Investment Advisory Agreement, the investment parameters of the index of the Fund, financial information regarding AAI and its parent company, information describing AAI’s current organization and the background and experience of the persons responsible for the day-to-day management of the Fund.

The Board reviewed information on the performance of the Fund and its applicable benchmark for the 1-, 3-, and 5-year periods, as applicable. The Board also evaluated the correlation and tracking error between the underlying index and the Fund’s performance. Based on this review, the Board, including the Independent Trustees, found that the nature and extent of services provided to the Fund under the Investment Advisory Agreements was appropriate and that the quality of such services was satisfactory.

The Board noted that the advisory fees for the Fund were unitary fees pursuant to which AAI assumes all expenses of the Fund (including the cost of transfer agency, custody, fund administration, legal, audit and other services) other than the payments under the Advisory Agreement, brokerage expenses, taxes, interest, litigation expenses and other extraordinary expenses.

Based on the information available to them, including the Fund-specific summary set forth below, the Board, including the Independent Trustees, concluded that the advisory fee rate for the Fund was reasonable under the circumstances and in light of the quality of the services provided.

The Board, including the Independent Trustees, considered other benefits available to AAI because of its relationship with the Fund and concluded that the advisory fee was reasonable taking into account any such benefits.

The Board, including the Independent Trustees, also considered with respect to the Fund the information provided by AAI about the costs and profitability of AAI with respect to the Fund, including the asset levels and other factors that influence the profitability and financial viability of the Fund. The Board, including the Independent Trustees, reviewed and noted the relatively small size of the Fund and the analysis AAI had conducted to support AAI’s assertion that it was not realizing any economies of scale with respect to the Fund. The Independent Trustees determined that AAI should continue to keep the Board informed on an ongoing basis of any significant developments (e.g., material increases in asset levels) so as to facilitate the Independent Trustees’ evaluation of whether further economies of scale have been achieved.

The Board, including the Independent Trustees, also considered other potential benefits available to AAI because of its relationship with the Fund, known as fall-out benefits.

With respect to the Fund, the Board, including the Independent Trustees, noted the following:

The gross management fee rate for EQL is higher than the median of its FUSE expense group. EQL’s net expense ratio is lower than the median of its FUSE expense group.

The Board, including the Independent Trustees, reviewed and noted the relatively small size of EQL and the analysis AAI had conducted to support AAI’s assertion that it was not realizing any economies of scale with respect to EQL.

In voting to renew the Investment Advisory Agreement, the Board, including the Independent Trustees concluded that the terms of the Investment Advisory Agreement are reasonable and fair in light of the services to be performed, the fees paid by certain other funds, expenses to be incurred and such other matters as the members of the Board, including the Independent Trustees, considered relevant in the exercise of their reasonable business judgment. The Board, including the Independent Trustees did not identify any single factor or group of factors as all important or controlling and considered all factors together.

ALPS Equal Sector Weight ETF

Trustees & Officers

November 30, 2023 (Unaudited)

The general supervision of the duties performed by the Adviser for the Fund under the Investment Advisory Agreement is the responsibility of the Board of Trustees. The Trust currently has four Trustees, each of whom have no affiliation or business connection with the Adviser or any of its affiliated persons and do not own any stock or other securities issued by the Adviser. These are the “non-interested” or “independent” Trustees (“Independent Trustees”).

The Independent Trustees of the Trust, their term of office and length of time served, their principal business occupations during the past five years, the number of portfolios in the Fund Complex overseen by each Independent Trustee, and other directorships, if any, held by the Trustee are shown below.

INDEPENDENT TRUSTEES

Name, Address and Year of Birth of Officer*	Position(s) Held with Trust	Length of Time Served**	Principal Occupation(s) During Past 5 Years	Number of Portfolios in Fund Complex Overseen by Trustees***	Other Directorships Held by Trustees
Mary K. Anstine, 1940	Trustee	Since March 2008	Ms. Anstine is Trustee/Director of AV Hunter Trust and Colorado Uplift Board.	38	Ms. Anstine is a Trustee of ALPS Variable Investment Trust (7 funds); Financial Investors Trust (29 funds); and Reaves Utility Income Fund.
Jeremy W. Deems, 1976	Trustee	Since March 2008	Mr. Deems is the Co-Founder and Chief Financial Officer of Green Alpha Advisors, LLC, a registered investment advisor, and Co-Portfolio Manager of the AXS Green Alpha ETF.	38	Mr. Deems is a Trustee of ALPS Variable Investment Trust (7 funds); Financial Investors Trust (29 funds); and Reaves Utility Income Fund; and Clough Funds Trust (1 fund).
Rick A. Pederson, 1952	Trustee	Since March 2008	Mr. Pederson is Partner, Bow River Capital Partners (private equity management), 2003 - present; Board Member, Prosci Inc. (private business services) 2013-2016; Advisory Board Member, Citywide Banks (Colorado community bank) 2014- 2017; Board Member, Strong-Bridge Consulting, 2015-2019; Board Member, IRI/ODMS Holdings LLC, 2017 – 2019; Director, National Western Stock Show (not for profit) 2010 - present; Director, History Colorado (not for profit) 2015-present; Director, Citywide Bank Advisory Board 2017-present; Trustee, Boettcher Foundation, 2018 -present.	24	Mr. Pederson is Trustee of Segall Bryant & Hamill Trust (14 funds) and Principal Real Estate Income Fund (1 fund).

* The business address of the Trustee is c/o ALPS Advisors, Inc., 1290 Broadway, Suite 1000, Denver, Colorado 80203.

** This is the period for which the Trustee began serving the Trust. Each Trustee serves an indefinite term, until his or her successor is elected.
